

# **How You Can Help Prevent Threats, Harms, And Meltdown At Limerick Nuclear Plant**

Evidence Is Clear!

Limerick Nuclear Plant's Unprecedented Harms and Threats To Your Health, Safety, and Quality of Life Will Increase Every Day Limerick Continues To Operate.

The Best Way To Try To Eliminate Inherent Threats Is To Close Limerick. Limerick Can't Be Made Failsafe. Many Serious Limerick Design Flaws and Earthquake Risks Can't Be Fixed. To Keep Limerick Open Is Like Playing Russian Roulette.

The Evidence Shows Limerick Is Far Too Vulnerable To Meltdowns In Reactors and Fuel Pools, Through Accidents, Natural Disasters Like Earthquakes, Corrosion and Aging, and Terrorist Attacks By Planes, Missiles, and Cyber Attacks.

The Only Way To Close Limerick Is To Get Elected Officials To Face The Facts And Speak Out.

To Get Elected Officials To Value Your Health, Safety, and Quality of Life Over Exelon's Profits and Donations To Their Campaigns You Need To Speak Out.

- 1. CONTACT ALL ELECTED OFFICIALS. Urge Them To Get The Facts From A Public Interest Source With No Vested Interest, [www.acereport.org](http://www.acereport.org). Ask Them To Demand Closing Of Limerick Nuclear Plant.**
- 2. SIGN ACE PETITION TO CLOSE LIMERICK NUCLEAR PLANT. Please Print! Be Sure To Provide Phone And E-Mail Address. ACE Will Update You On Important Issues.**
- 3. DOWNLOAD AND CIRCULATE THE PETITION TO CLOSE LIMERICK. Give Copies To Friends, Neighbors, Co-Workers and Family In The Philadelphia Region. (Ask Them To Sign The Petition And Include Phone and E-Mails)**
